MISSOULA--

Three Missoula residents and men from Anaconda, Great Falls and St. Ignatius are among eight for whom replacement blood is being sought during the two-day Red Cross blood drawing at the University of Montana. The blood drawing will continue from 11 a.m.-4 p.m. Thursday, Oct. 17, in the University Center Ballroom.

Missoula residents needing replacement blood include Mrs. Roselle Dunmire, Richard McDowell and Dave Morse. Alexander H. Krantz of St. Ignatius also is on the list. All have been hospitalized in Deaconess Hospital, Spokane.

Others needing replacement blood include Tom Rice, Anaconda, who has been hospitalized at Anaconda Community Hospital; Beryl C. Rustman, Long Beach, Calif., mother of a Missoula resident, Kaiser Foundation Hospital, Los Angeles; Robert Cook, Corvallis, Ore., brother of a local resident, St. Vincent's Hospital, Portland, Ore.; and Jack Eberl, Great Falls, father of a local resident, University of Washington Hospital, Seattle. Donors also may contribute blood in behalf of relatives and friends.

Mrs. Harriet Veazey, manager of the local Red Cross office, 2100 S. Higgins Ave., said the quota for the two-day blood drawing is 300 units. About 175 prospective donors are needed each day to offset deferments.

Members of Sigma Tau Gamma fraternity are assisting medical personnel during the blood drawing.
